DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 7-11 and 13-16 are rejected under 35 U.S.C. 102(b) as being anticipated by O'Connor et al (U.S. Patent 5,705,117 a) for the reasons of record.

Claim Rejections - 35 USC § 103

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

4. This application currently names joint inventors. In considering patentability of the claims under 35 U.S.C. 103(a), the examiner presumes that the subject matter of the various claims was commonly owned at the time any inventions covered therein were made absent any evidence to the contrary. Applicant is advised of the obligation under 37 CFR 1.56 to point out the inventor and invention dates of each claim that was not commonly owned at the time a later invention was made in order for the

Art Unit: 1791

examiner to consider the applicability of 35 U.S.C. 103(c) and potential 35 U.S.C. 102(e), (f) or (g) prior art under 35 U.S.C. 103(a).

5. Claims 7-11 and 13-16 are rejected under 35 U.S.C. 103(a) as being unpatentable over Reiff et al (U.S. Patent 5,173,220 A) for the reasons of record.

6. Claim 12 is rejected under 35 U.S.C. 103(a) as being unpatentable over either O'Connor et al (U.S. Patent 5,705,117 A) or Reiff et al (U.S. Patent 5,173,220 A) as applied to claims 7-11 and 13-16 above, and further in view of Takahashi (JP 2001-237616 A) for the reasons of record.

Response to Arguments

7. Applicant's arguments filed on 25 November 2008 have been fully considered but they are not persuasive.

8. Applicant argues (pages 8 and 9) that O'Connor et al fails to teach or suggest the features of forming cavities into which inorganic members could be inserted and thermally curing photocurable resin material remaining in concave portions.

Examiner responds that O'Connor et al does teach these steps (see col. 3, line 64 to col. 5, line 20; col. 6, lines 8-56; Figs. 2 and 4 of O'Connor et al).

9. Applicant argues (pages 9 and 10) that Reiff et al fails to teach or suggest the features of forming cavities into which inorganic members could be inserted and thermally curing photocurable resin material remaining in concave portions.

Examiner responds that Reiff et al does teach these steps (see

Art Unit: 1791

col. 1, line 61 to col. 2, line 6 and col. 3, line 20 col. 4, line 40 of Reiff et al).

Conclusion

10. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
